OPEN EDUCATIONAL RESOURCES

RESEARCH

Scholarly works primarily created to document new knowledge and advance the scholarly conversation.

Open access materials may also be used for instruction in tertiary courses.

FORMATS: scholarly books, journal articles, theses, conference papers, creative works, raw research data...

Free public access.

TEACHING

Codified knowledge useful for teaching, learning and stimulating discourse.

FORMATS: videos, software, textbooks, assessment resources, teaching guides, images and figures, simulations...

Free public access. Customisation permitted.

DIGITAL AND ANALOG ENVIRONMENTS

Open access items are always free to read. Unless printed, they are always online, digital, and never require passwords, login credentials or access restrictions to read.

Open Educational resources are always open access and online – except when they are in print or other analog formats (e.g. printed versions of open textbooks, 3D printed objects).
